CERTIFICATE OF CONFORMITY

ITB-2147/W

It is confirmed that:

ALBOND composite sheets

designed to construct external and internal wall cladding, elevation layers of light filling of curtain walls having frame construction, elevation layers of external walls' insulation constructed using light dry method. Cladding can be made from flat or cassette-shaped sheets

classified in the B-s1, d0 fire reaction class, according to PN-EN 13501-1+A1:2010
and as fire retardant (NRO) according to PN-90/B-02867

produced by:

**Sistem Metal Yapi Reklam Malzemeleri
ve Insaat Sanayi Ticaret Anonim Sirketi
Tekstil Kent Ticaret Merkezi Koza Plaza B Blok Kat 27 No 100 – 101
Esenler – Istanbul (Turkey)**

in the production plant:

**SISTEM METAL A .S. Hatip Mah. Ali Osman Celebi Bul. No 140
Corlu-Tekirdag (Turkey)**

marketed by:

**Robert Truskowski
ul. Różana 31 Obora
59-335 Lubin**

fulfil the requirements defined in:

Technical Approval No. AT-15-8779/2011

The producer implemented factory production control and performs examination of product samples drawn from the production plant, according to the examination plan.

ITB Certification Establishment performed an initial type examination and an initial audit of the production plant and the factory production control, runs permanent supervision, assessment and approval of the factory production control.

This certificate is a document required in the conformity assessment system 1, according to the regulation of the Minister of Infrastructure of 11 August 2004 on the methods of declaring conformity of construction products and the methods of marking them with the construction product marking (Journal of Laws No. 198, position 2041 with subsequent changes).

The certificate of conformity no. ITB-2147/W was first issued on 02.05.2012. This certificate can be used only in relation to products fulfilling the requirements of the above-mentioned technical specification and is valid until 14.12.2016, provided that the technical specification is still valid and the type of product, the conditions and the place of production and the system of factory production control are not changed.
